FILIBUSTER CONTINUED IN SENATE

Against the Ship Purchase Bill Sponsored By Administration

SENATOR WEEKS RELIEVED THE WORN OUT BURTON

WHO SPOKE THREE DAYS

Massachusetts Man Says President Wilson's Indianapolis Speech Was In Poor Taste and Filled With Unfounded Statements of Facts—Denies Attempt to Impede Legislation.

WASHINGTON, Jan. 21.—Senate Republicans continued their fight today on the administration ship purchase bill. Senator Weeks, denying that he sought to filibuster, resumed his attack. Democratic leaders meanwhile sought to reach an agreement on proposed amendments so their caucus might complete revision of the bill tonight.

"We want to get the facts before the country and we are taking the only way left to us to accomplish it," said Senator Weeks. "I believe there are possibilities of grave international complications involved in the passage of this bill; that if it passed it would be ineffective, utterly failing to carry out the wishes of its sponsors; that it is economically unsound, ill-advised and dangerous; that the sentiment in favor of it among those who have given it consideration in or out of congress are almost negligible and that if passage by this or any congress it would be done because those who are for it, favor the legislation, but as the result of the most flagrant political pressure."

Turning to President Wilson's Indianapolis speech, Mr. Weeks declared the people of the country, judging from press reports, could not understand how the president could have so far lapsed from his previous pose and good taste as to go to the other extreme by indulging in not only questionable taste, but the unfounded statements with which his whole address was filled.

Senator Weeks is continuing the fight begun by Senator Burton, of Ohio, who yielded the floor to him late yesterday after a three days' assault in the measure. Senator Weeks was well armed for the fray with his desk piled high with a mass of data.

While the Democratic leaders hope to exhaust the Republican opposition to the minority are fortifying themselves with books and documents in readiness for a long drawn out oratorical contest. Senators Lodge and Jones are prepared to follow Senator Weeks and other senators who are getting ready to continue the opposition include Senators Root, Sutherland, Smoot, Brandegee, Gallinger and Nelson.

As soon as the speeches on the pending bill have been exhausted, the Republicans plan to introduce a substitute measure as the basis for a continuation of their attacks. At that time the Democrats propose to recess instead of adjourning from day to day so as to keep the discussion in one legislative day and thereby handicap the Republicans under the rule that no senator can speak more than twice on one subject in the same legislative day. To meet this situation the Republicans plan to of-

fer from time to time amendments or substitutes to inject new subjects for debate.

While the debate in the senate on the shipping bill proceeded today, the senate commerce committee continued the work of perfecting amendments to the measure which were referred to it by the Democratic caucus. Although the caucus met again last night for the third time in an attempt to perfect the measure final decision was postponed until tonight when another caucus will be held. The commerce committee will submit the perfected amendments at that time.

ETTOR GAVE BAIL AND LEFT COUNTY; WILL NOT RETURN

ST. CLAIRSVILLE, O., Jan. 21.—Joseph J. Ettor, Industrial Worker of the World leader, who has been in jail here awaiting a hearing on the charge of treason, was arraigned before Mayor Davis this morning. He entered a plea of not guilty and was bound over to the grand jury. Ettor gave bail for \$5,000 and immediately left town with his attorney, after agreeing not to enter Belmont county again or to send any representatives here.

CITIZENS WILL BURY THE DEAD AS HEALTH MEASURE

NACO, ARIZ., Jan. 21.—Burial of the dead still lying on the battlefield around Naco, Sonora, will be undertaken by the citizens here as a health measure. More than a hundred bodies have been found scattered between the trenches formerly held by the Villa forces attacking the Mexican town, and the Carranza troops defending it.

Part of the United States troops here, under command of Brigadier-General Tasker H. Bliss, have left for other stations. The Ninth cavalry went to Douglas yesterday and three batteries of the Fifth artillery left last night for Fort Sill.

\$6,000,000 GIVEN TO QUAKE SUFFERERS.

ROME, Jan. 21.—The sum of 30,000,000 lire (\$6,000,000) having been placed at the disposal of the Italian authorities for the alleviation of conditions in the earthquake, extensive relief works are being planned. It is thought within a fortnight the most serious conditions will have been greatly improved.

NAGGING OF BUSINESS BY LAW MAKERS

HAS HAD TENDENCY TO MAKE CAPITAL SHRINK FROM INVESTMENTS

Former President W. H. Taft Says Remedies Proposed Are Worse Than Disease to Be Cured.

BLOOMINGTON, IND., Jan. 21.—Declaring that the country was halting in business and progress and learning the unwise steps that had been taken and needed to be retraced, William H. Taft, former president, said here today that the people should go back to the line of justice, equity and moderation. Professor Taft was the guest of Indiana university and delivered the principal address at the Founders day exercises, which celebrated the ninety-fifth anniversary of the university.

"We need not go back to the conditions that led to the great reforms and we shall not do so," said Mr. Taft. "Corporations have been driven out of politics, and, while of course, corruption is not ever absent, the danger of plutocracy has disappeared and the purification of politics has been accomplished."

Proposed Reforms of Drys Aim to Increase Liability Of The Saloon Keepers of Ohio

COLUMBUS, Jan. 21.—The program as outlined by the dry forces, for enactment by the Ohio legislature are far reaching in their proposed effects.

Probable hot contests in the legislature over amendment of the saloon license law were forecasted today, when dry leaders in the assembly disclosed the anti liquor program. Bills creating new features in the license system or changing details of the present law in accordance with wishes of the dry forces two years ago when the original license law was enacted, are being prepared for submission in several weeks.

Liberal interests are expected to contend for a legislative policy of "hands off," in dealing with the license law. A majority of members

in both house and senate are considered dry. The anti-liquor leaders said they expect a hard fight over their propositions, however, since many alleged dry legislators favor giving the license law further test before attempting to amend it.

Here is the substance of the program for making the license law more stringent in its application for the liquor business:

Brewers and distillers should be compelled to take out a license.

In determining the number of saloons in a municipality, the population in only the wet territory should be the basis.

Persons filing a protest against an applicant for a license should be given a hearing.

Whenever the majority of the electors in a block or precinct file a protest against the granting of a license

Cigaretts Contain No Narcotics

(ASSOCIATED PRESS TELEGRAM)

COLUMBUS, O., Jan. 21.—Cigarettes contain no opium or other added narcotics, the state bureau of drug inspection reported today. About a dozen brands of manufactured cigarettes were examined. The report said: "The effect of habitual cigarette smoking must be attributed to the inhalation of the smoke rather than to any added narcotic in either the tobacco or the papers."

S. E. Strode, chief of the pure food and drug bureau, said this is the first extensive chemical examination of cigarettes made in the world.

Industrial Commission Chairman Bitterly Attacks Millionaires.

From left to right: S. Thurston Ballard of Kentucky, Austin B. Garrettson of Iowa, James O'Connell of Washington, D. C., Frank P. Walsh of Missouri, John B. Lennon of Illinois, and Harris Weinstock of California.

Chairman Frank P. Walsh of the Industrial Relations Commission, which has begun an inquiry into the huge Rockefeller, Carnegie, and Sage Foundations, has just made a radical speech in which he attacked aggregations of wealth. He insisted that coal lands of the west had been stolen by corporations and should be returned to the people. The tenor of his talk indicated that he would use all his influence in the commission to have it decide the big foundations should be dissolved.

This is in part what Mr. Walsh said in his speech: "Even without changes in the laws as they are today we can do much to solve the problem of unemployment and the kindred problems that go with it. We can, for instance, take back for the people vast fortunes that have been embezzled from the people. I mean the fortunes taken from coal lands illegally piled upon in the west. A thief never gets a true title. "Is there any person who will not

challenge a \$100,000,000 foundation, exempt from taxation and to be used in a way the people as a whole do not dominate? There are \$300,000,000 now invested in these foundations, and there are no limitations on those funds. Suppose all of these foundations should concentrate their resources in the securities of one industry, where the toilers were making a fight for democratic control? They could crush down the defenses of the fight for industrial justice. They bring the great necessities of life under their control."

Rogers, Alleged Cause Of Mother Poisoning Her Babes, Arrested

NEW YORK, Jan. 21.—Lorlys Elton Rogers, the New York lawyer, whose matrimonial and love affairs have been under investigation since December 29, when Mrs. Ida Walters, mother of his two children, poisoned the children and herself, was arrested today on a bench warrant issued at the instance of the district attorney of Bronx county.

Rogers was arrested after the grand jury returned an indictment against him today charging him with an offense covered by the penal code. After returning the indictment the grand jury continued its investigation into the circumstances attending the

death of the two children from poison. Mrs. Anna Rogers, Rogers' first wife, who divorced him more than five years ago, was a witness today.

Mrs. Ida Walters was still at the hospital. District Attorney Martin announced that he had asked the grand jury to return indictments charging her with homicide.

Rogers was indicted on two counts. The indictment charges him with violation of the penal code in inducing Mrs. Walters to live with him for immoral purposes. The law classifies the offense as a felony, the maximum penalty for which is imprisonment for twenty years and \$5,000 fine. The minimum penalty is two years imprisonment.

RELIEF STEAMER TOWED INTO PORT.

HALIFAX, N. D., Jan. 21.—The American steamer Camino, which became disabled by the loss of her rudder several days ago, while on her voyage from San Francisco to Belgium, with relief supplies, probably will arrive here tomorrow in tow of the government steamer Lady Laurier.

NEBRASKA JURIST DEAD.

LINCOLN, Neb., Jan. 21.—Chief Justice Conrad Hellenbeck of the Nebraska supreme court died today of heart disease. He had been in office only two weeks.

REDUCING WAGES CAUSED STRIKE OF TUBE WORKERS

YOUNGSTOWN, O., Jan. 21.—Notices were posted today in the wire drawing department of the Youngstown Sheet and Tube Co. that the men who last night struck against a reduction of nine percent could be laid off. A reduction of fourteen percent also has been announced in the tube department, the company explaining that the introduction of improved machinery has increased the earnings of the men.

STATE ERRS AS WELL AS INDIVIDUALS

AND INNOCENT MEN PARDONED FROM PENITENTIARY SHOULD RECOVER DAMAGES.

Representative Young Supports Such a Bill in Legislature—Committees Hard at Work.

COLUMBUS, O., Jan. 21.—The house today adopted the Howard joint resolution providing for an investigation of state offices to effect economy in public service. The resolution carried without a dissenting vote. A number of Democrats did not vote. The resolution, fathered by Senator Howard, was passed by the upper branch of the assembly yesterday. The probe will probably begin sometime next week. The measure calls for the appointment of a joint committee of six members to investigate with a view to elimination of useless jobs or expense.

Columbus, Jan. 21.—In support of his bill to permit persons unfairly imprisoned to sue the state for damages, Representative Young of Cuyahoga today cited the cases of Romulus Cotell, of Summit county, and Lock Foster, of Wyandot county, both pardoned within the last two years on the ground that they were not guilty of murders for which they had been imprisoned.

"The state took thirteen years from Foster's life and seventeen years from the young manhood of Cotell," he said.

While Awaiting British Reason Of Seizing An American Vessel, Word Comes of Germany Arresting U.S. Sailors

WASHINGTON, Jan. 21.—While the American government today waited Great Britain's explanation of her seizure of the American steamer Greenbrier, it developed that American sailors of her crew, as well as those of the steamer Carolyn, had been arrested by German authorities at Bremen.

In a brief dispatch informing the state department that the sailors had been released from detention and were now free to join their ships

when they left the port the American consul at Bremen gave the first information that the sailors had been arrested and added no details. Officials here could only suppose that the men might have been arrested for misconduct on shore, or possibly detained until the departure of their ships to suppress any military information that they might gain.

The Greenbrier, whose detention is now the subject of diplomatic negotiation, sailed from New Orleans and Norfolk with cotton for Bremen

under a certificate issued by the British consul at Norfolk. Her commander complained that a British cruiser seized his ship on the high seas, hoisted the British ensign, damaged the vessel in navigation and detained him at Kirkwall before he was permitted to proceed to Bremen.

The Carolyn also carried a cotton cargo to Bremen. Apparently she got through without interference and the arrest of her sailors is her first

Russia's Assaults On German Foes Expected From Three Directions

Advance In East Prussia Now Threatens the Lines of Communication In Poland and the Czar's Commanders Confidently Dwell Upon the Enemy's Losses In Their Efforts to Hold Their Present Positions, As Showing They Are Hard Pressed

GERMAN UTTERANCES ARE CONTINUING OPTIMISTIC

Teuton Airships Expected to Attack Finnish Railroad Between Sweden and Russia, and Its Destruction Would Be a Heavy Blow to the Latter, Cutting Off Her Most Direct Line of Communication With Her Western Allies—Entrance of Italy and Rumania Into the War is Still Rumored—Artillery Exchanges In the West.

LONDON, Jan. 21.—Russia's threefold assault on the German allies has in the opinion of British observers of the war, resumed its steamroller characteristics alike in the north, the center and the south.

In the north the advance into East Prussia is reported as threatening the German lines of communication, and in Poland the trench warfare continues with small results for either side, but the Russians confidently dwell on what they call large German losses in efforts to hold present positions. In the south the Russians declare that the Austrian resistance seems to have been broken down entirely, and that Transylvania lies open to them.

Reports of Rumania's long-awaited entrance into the fight continue to circulate. One rumor today has it, however, Rumania will not only declare war but that she will throw troops into Transylvania which is Hungarian territory for the purpose of protecting Rumanian nationals. Meanwhile German official utterances continue optimistic. The communications given out every day say that the situation in the eastern theatre of the war remains unchanged. Certain semi-official summaries of events received in London by wireless from Berlin, are somewhat more communicative. Such a message received recently says the Russians have had some successes in which their losses were heavy and that the Turks have been operating successfully in the Caucasus and are now marching on Egypt.

Telegrams reaching here from Berlin record the arrival there of Archduke Charles Francis, the Austrian crown prince, and Dr. von Bethmann-Hollweg, the German imperial chancellor, who are to be joined shortly by Baron Burián, the new Austro-Hungarian minister of foreign affairs, presumably for a conference regarding a plan of campaign against Russia, as well as the adoption of suitable measures against the prospective entrance into the war of Italy and Rumania.

Recent dispatches from Sweden indicate that a German airship attack on the new Finnish railroad between Sweden and Russia is coming to be expected. This is the line that runs around the northern end of the gulf of Bothnia. Its destruction would be a serious blow to Russia, as the only other routes of communication between Russia and her allies are by way of the Baltic sea, or through Archangel on the north.

The former route has been made impossible by mines and the latter

is likely to be cut off any day by ice. In the western arena of the war the activity has been generally confined to artillery exchanges, except to the south of Metz, where sharp fighting promises interesting developments.

GERMAN REPORT CLAIMS ENEMY WAS REPULSED

BERLIN, Jan. 21.—(By Wireless to London)—The following official statement was issued at the war office today:

"In the western theatre of war only artillery duels took place yesterday between the coast of Lyra, Trenches at Notre Dame de Lorette, which we occupied on the day before yesterday, were lost again today. "Northeast of Arras, the French repeatedly attacked both sides on the high road of Arras to Lille, but were repulsed."

"Southwest of Berry Au Bac we took two trenches from the French and kept them notwithstanding their fierce counter attacks."

"French attacks on our positions south of St. Mihiel were repulsed northwest of Pont a Mousson. We succeeded in recapturing the positions we evacuated three days ago, in that vicinity our troops captured four cannon and several prisoners. Fighting still continues for the remainder of the lost trenches."

"In the Vosges, northwest of Sennheim, battles still proceed. "The situation in east Prussia remains the same. An unimportant engagement to the east of Lipno ended favorably for us. One hundred prisoners remained in our hands."

RECEIVER NAMED FOR ELECTRIC LINE IN FRIENDLY SUIT.

YOUNGSTOWN, O., Jan. 21.—By friendly agreement between creditors and leading stockholders, the Youngstown and Southern railway company operating an electric line between Youngstown and Leontonia, south of here, was today placed in the hands of a receiver. David Tod, of Youngstown, president of the road, was named as receiver. Over capitalization is given as the cause of the present situation.

Taxation of Large Fortunes After Owners' Death, Remedy For Much Industrial Unrest

NEW YORK, Jan. 21.—Taxation of large fortunes upon the death of their owners, to aid the poor, the establishment of government agencies to find work for the unemployed, and provision for the comfort of aged workers, were advocated by Daniel Guggenheim, president of the American Smelting and Refining company, in testimony today at the inquiry by the federal commission on industrial relations into the great philanthropic organizations and the causes of industrial unrest.

Mr. Guggenheim said that, as a capitalist, he favors these measures, despite the fact that they constitute some of the cardinal ideas of Socialism.

He also advocated "industrial democracy," wherein the worker received a portion of the profit derived from the products of his labors. Industrial unrest was caused to a

great extent, the witness believed, by the increased cost of living. In his opinion the philanthropic organizations did not affect much relief from property as the average worker was reluctant to accept charity and preferred employment.

E. J. Berwin, owner of coal mines, and director in many coal mining corporations and coal carrying railroads, testified that he believed directors and stockholders were not as well acquainted with labor conditions as they should be.

LETTER CARRIERS GET FIVE YEARS' SENTENCE.

GREAT KIDNEY REMEDY SAVES TWO CHILDREN IN ONE FAMILY

About one year ago two of my children suffered badly from weak kidneys. They would have severe spells of dizziness and were all run down in health. I was just about discouraged. I tried several remedies and finally a doctor, but they did not seem to improve. I knew of a friend who was taking Swamp-Root for kidney trouble with good results and I decided to get some for the children. I had no idea that there was some improvement after they had taken two large bottles and continued to give it to them until they had taken one-half dozen bottles and were well on the road to recovery. I think Dr. Kilmer's Swamp-Root has done more for my children than any other medicine I have tried and recommend it to anyone having children that suffer as mine did.

Very truly yours,

PROPOSED

(Continued from Page 1.)
in that block or precinct, no license should be granted.

The phrase "pecuniary interest," used in specifying that no person or company other than the licensee shall maintain this in any saloon, should be defined.

Sections of the license law which provides a special kind of trial and appeal for a liquor dealer who breaks the law, should be repealed. Manufacturers and licensed dealers should be prohibited from contributing directly or indirectly to any political campaign fund.

The section of the license law which makes it a penalty for a minor to buy liquor or to misrepresent his age in order to purchase it, should be repealed.

Stricter definition of the term "good moral character," should be defined to exclude liquor dealers who sell to minors, habitual drunkards or persons on whom he has been notified, others depend for support.

A licensed liquor dealer should be prohibited from allowing a minor in his saloon or selling on credit.

The proposed bill to compel all saloons in the state to close at 10 p. m. which Representative Rover of Hamilton expects to introduce, is said not to be included in the program of dry leaders but they will support it in a perfunctory manner.

Representative Deaton's measure to provide that liquor dealers shall contribute one per cent. of their net earnings to the state industrial accident fund for compensation of persons or dependents of persons injured or killed because they were intoxicated, will be supported strongly by anti-liquor interests.

Another dry measure is the bill to prohibit saloon keepers to sell liquor to aliens.

Corollary to the strict dry program, is the Kramer house bill to provide means of contesting elections on referendum questions, and recounting ballots in such elections, legal machinery for which was not provided after passage of the initiative and referendum law.

Other proposed measures which are favored but for which the anti-liquor interests will not stand sponsor, are those providing for creation of a commission to make a survey of vice conditions in the state; and providing a means by which owners of property leased to resort keepers may be enjoined by civil suit against such rental, and bonded to prevent future use of the property for immoral purposes.

It is estimated more than half the saloons in the state would be eliminated by the anti-liquor plan that the population in wet territory only should furnish the basis for computing the number of licenses to be granted.

GERMAN FORCE HAS APPEARED AT RUSS' REAR

(Associated Press Telegram)
Petrograd, Jan. 21.—(Via London).—German forces have appeared in the rear of the Russian army which is advancing towards the Prussian border. They are attacking the road from Plonsk, forty miles northwest of Warsaw, to Gostly, thus being between the advancing Russian army and the Polish capital. So far as is known officially, comparatively small bodies of Germans consisting of reconnoitering detachments are in this locality.

The Bourse Gazette says that the Russian military authorities have learned that Russo-Germans in this vicinity have given information and other assistance to the Germans. On this account the newspaper says Grand Duke Nicholas, the Russian commander-in-chief has ordered that all Russo-German residents in the district between Warsaw and the Russian front dispose of their property within six days, preparatory to being removed to the interior of the country.

tell," said Representative Young, "and very likely it has taken and will take years from the lives of others innocent of the crimes charged against them. Indemnification for both acquittal or appeal after conviction and for detention followed by acquittal on appeal is provided in Sweden, Norway, Denmark, Germany, Hungary and other European countries. If this bill is enacted, it will simply be a recognition of the fact that states, like individuals, err."

Commenting on the Cotell case, Mr. Young said: "Romulus Cotell at the age of 18 was convicted of murder. His innocence has been demonstrated. The most that can be said for his release seventeen years later is that it was an act of long-delayed justice. Cotell was convicted for the murder of Alvin Stone, who was found on his farm near Akron beaten to death and a blood-stained baseball bat said to belong to Cotell was found nearby. The authorities wanted a conviction and got it. At the time of the crime, Cotell was living at the home of his uncle. The uncle testified that it would have been impossible for the boy to have left home without awakening him. He also showed the fact that Cotell's clothes were dry, although it rained continuously on the night of the murder. Long afterward the supposed bloodstains on Cotell's baseball bat were analyzed at Buchtel college. The chemists declared the stains to be not blood-stains but paint. The only witness to the tragedy was Flora Stone, a daughter of the victim. She testified she saw the edge of a mustache projecting from the mask of the murderer. Cotell was a smooth faced boy."

House leaders today expected unanimous adoption of the Howard senate joint resolution adopted in the senate yesterday, to provide an extensive investigation of state departments with the purpose of weeding out alleged unnecessary jobs and reducing salaries. Although the investigation was planned by Republican legislators, minority Democrats in the house expected to follow the example set by Democrats of the senate and vote today for the survey.

Leaders also predicted the resolutions establishing investigations of the banking department, offered by Representative Reighard of Fulton and of the advisability of paying farmers for hogs slaughtered in the campaign on hog cholera, would be adopted in the house by overwhelming votes this afternoon.

It was said possibly the work of investigating the bank department and state service, would necessitate so many hearings that members of the joint committee of three senators and three representatives each, would have to be excused from attending sessions of the house.

Committees of both houses got to work today on the multitude of bills which had been referred to them. The house committee appointed to hear contests resumed sitting in the case of contests against Franklin county Democratic representatives. Attorneys for the contesting interests were expected to start today their attempts to prove fraud, violations of the corrupt practices act and bribery in election of the Franklin county legislators, charged before the committee last night.

GENERAL ASSEMBLY NOTES.

Truant officers of Columbus schools invaded the house and senate chambers today in search of boys under legal school age employed as pages, contrary to law. They found two pages in the senate, 12 years old, who asserted they attended school in the morning. Others were found in the house, said to be under age. Now the truant officers are wondering how they can reach the general assembly for lawbreaking. The investigation will continue.

Representative Reighard of Fulton, chairman of the house finance committee, today declared himself favorable to a budget system and opposed to unnecessary "ripping" of the state government. He intimated that he will consider seriously the recommendation of W. O. Hefferan, budget commissioner under Governor Cox, for appropriations.

Democrats only when the festive, he declared.

Representatives of children's state were busy today urging that dozens of their institutions be closed from civil service regulation. They asserted they cannot get on the examination.

Justice O. A. Deeds and other citizens, expect to introduce a bill to amend the present law by forbidding rovers and dams as means and by making a conservancy district.

FRENCH REPORT

GIVES RESUME SINCE NOV. 15

WITH ONE EXCEPTION IT IS CLAIMED THE ALLIES HAVE MADE ADVANCES.

And the Germans Have Been Thrown Back—Details of Points Gained by Each.

(Associated Press Telegram)
Paris, Jan. 21.—There was given out this afternoon an official statement under the caption of "The War From Nov. 15 to Jan. 15," reading as follows:

"Since the 15th of November, in other words, since the conclusion of the battle of Ypres and up to the complete resumption of the great German offensive movement against our left wing the war has taken the character of a siege. In such a warfare it generally is expected that the advantages obtained by one side or the other virtually offset each other. But in this case it can be said that with one exception we alone have gained ground. With this one exception the Germans everywhere have gone back.

The following recital of points gained makes it possible to get an idea of the progress on either side: "By the Germans—Destruction of the market, of the cathedral and of the hospital of Ypres; destruction of the town of Nieuport and of the Nieuport baths, and the bombardment of Armentieres, Bethune and Arras. Bombardment of Soupir and of Soissons; recapture of Hill No. 132 and of an eminence near Crouy and a gain of from 1200 to 1800 yards to the north of Soissons; advance of 300 meters in the Argonne along a front of 800 meters at a point near the brook des Meurissons; bombardment of a church at Nancy and of the hospital at Thann.

"Results obtained by the French—From the sea to the Lys; recapture of all the left bank of the Yser between Knooke and Hetas and an opening on the right bank between the sea and St. Georges. The installation of a bridge head four kilometers (two miles and a half) into this region, and the installation of a bridge head to the south of Dixmude. Capture of St. Georges and of the house of the ferryman and of Korteker. The general extension of our front around Ypres; the success of Wybrandert; and the cessation of the attacks of the enemy's infantry.

"From the Lys to the Oise; the capture of the chateau and of the village of Vermeles and of Rutoire; the capture of numerous German trenches between Aix le Noullette and Carency; the partial recapture of Saint Laurent and of Blangy, near Arras; the capture of La Boisselle; the capture of German trenches at Lihons; the capture of Quesnoy-Santerre at the end of October and progress to the east followed by the general extension and consolidation of our front.

"From the Oise to Reims; the capture of the German trenches at Hampeol and of the plateau of Noubrou; the taking of Spur No. 132 and the eminence at Crouy, both of which, however, we lost again. The destruction of numerous pieces of German artillery; the reduction by four-fifths of our previous percentage of infantry losses, thanks to the greater efficiency of our artillery and the consolidation of our defensive system.

"From Reims to the Meuse—Advance of one kilometer (two-thirds of a mile) in the region of Prunay; advance of more than two kilometers in the region of Perthes and the stopping of seventeen German counter attacks; advance of nearly one kilometer in the Argonne, in the forest of La Grurie and of Bolaine, and the repelling of numerous counter attacks, the extension of our front in the neighborhood of Verdun, and the destruction of numerous German batteries."

Newark Woman Cured of Kidney Trouble

Tells Fellow Townsfolk How Wonderful Result Was Accomplished.

Mrs. J. B. Layman, of 437 West Church street, Newark, O., says: "I suffered terribly from a severe case of kidney trouble. I was told that nothing would relieve me but an operation. My urine was scalding and I suffered terribly with gravel. My back also gave me a great deal of pain and I was in a very bad condition. For this trouble I started taking Lloyd's Kidney and Rheumatism Tablets, the new scientific prescription, and from the first box I began to feel better. They relieved me from a very distressing disease and I am only too glad to recommend them to anyone suffering with this trouble."

IRON TRADE REVIEW

Cleveland, Jan. 21.—The Iron Trade Review today says:

Railroad buying is developing slowly and rail orders placed during the past week aggregate about 50,000 tons. Track elevation work at Indianapolis for the Pennsylvania railroad will require 20,000 tons, for which bids will be received January 25.

England is now making more severe demands in regard to ferro-manganese and the English producers require that the American consumers who receive additional supplies of this alloy used in the manufacture of steel must ship themselves more fully not to ship steel to Germany, Austria and Turkey and contiguous countries except through London. In other words, it is demanded that no steel shall be shipped by these buyers of ferro-manganese to these countries. Some buyers have declined to sign the new agreement, but most of them are complying with England's terms.

Ship building is the most active feature of the eastern market and several additional boats have been ordered. The pig iron market is dull in nearly all parts of the country.

If the land of England and Wales were equally divided among the residents there would be a little more than one acre for each person.

LONG ISOLATION OF ENGLAND HAS BEEN CONQUERED

(ASSOCIATED PRESS TELEGRAM)
Berlin, via Amsterdam and London, Jan. 21.—"The isolation of the British islands is conquered successfully," says the Morgen Post, in its comment on the air raid made by the Germans on the English coast. "Of what use to Great Britain," it adds, "are the surrounding seas and war vessels if our airships cross the water, dropping bombs."

The Tages Zeitung expresses satisfaction at the first air attack and hopes it will be followed by others, while the Tageblatt says it is now clear that the North Sea is no hindrance to German airships.

COMMANDER OF AUSTRIAN ARMY VISITED TROOPS.

(ASSOCIATED PRESS TELEGRAM)
Vienna, via Amsterdam and London, Jan. 21.—Field Marshal Archduke Frederick, the cousin of Emperor Francis Joseph and Commander in Chief of the Austrian army, has just returned from a visit to the troops of the first army. He states that he found conditions excellent and the soldiers impatient to begin a further offensive campaign.

The Illinois river was so termed from the Illini, a tribe of Indians on its banks. Another derivation is suggested in Isle aux Noix, Island of Nuts. Several derivations more or less fanciful are suggested by the etymologists and geographers.

Some Newark People Fail to Realize the Seriousness of a Bad Back.

The constant aching of a bad back, The weariness, the tired feeling, The pains and aches of kidney ills May result seriously if neglected. Dangerous urinary troubles often follow.

A Newark citizen shows you what to do.

Mrs. Helen A. Deenis, 50 German street, Newark, says: "Doan's Kidney Pills have been a life-saver to me. Several doctors gave me medicine for kidney trouble, but didn't help me and I was discouraged. I suffered dreadfully from pains across my back and I had rheumatic twinges in my limbs. My feet and hands became swollen. I had dizzy spells and it was hard for me to keep on my feet. The kidney secretions were unnatural. Doan's Kidney Pills proved beneficial as soon as I began taking them. My back grew stronger and my kidneys became normal. Two boxes of Doan's Kidney Pills permanently cured me and I am now in good health."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Deenis had. Foster-Milburn Co., Props., Buffalo, N. Y.

MILITIA

MAY BE REQUESTED OF GOVERNOR TO TAKE PLACE OF ARMED DEPUTIES.

Quiet at Roosevelt, N. J., After Riot in Which Striker Was Killed. Mass Meeting Called.

(ASSOCIATED PRESS TELEGRAM)
Roosevelt, N. J., Jan. 21.—Roosevelt was quiet today. There was no indication of any repetition of the disorders which culminated Tuesday in the shooting of nineteen strikers by deputy sheriffs stationed at one of the two plants of The American Agricultural Chemical company. The funeral of the man who was killed, which all of the 900 strikers expected to attend, was postponed until tomorrow.

Some of the twenty-two deputies who pleaded not guilty late yesterday afternoon to charges of manslaughter in connection with the rioting, it was said, were back at the plant today. A bond in the sum of \$2000 each of the twenty-two was furnished by a surety company. Patrick P. Gill, the investigator, assigned here by the federal committee on industrial relations, left today for New York to place his report before Frank P. Walsh, chairman of the commission.

Handbills, calling for a mass meeting of the citizens of Roosevelt through this afternoon, were distributed through the community today. Under the caption: "Rip Van Winkle awoke at last," the handbills assert that "the time has come to rid the borough of influences which have retarded its growth and development."

The call is signed, "Citizens Committee."

Some of the borough officials who asserted that they were familiar with the purpose of the meeting said that the so-called citizens committee would endeavor to take steps at this meeting to have the armed deputies withdrawn from the borough, even if it should be necessary to call on Governor Fielder for state troops to take their places.

FEDERATION OF LABOR WILL TAKE SOME ACTION

(ASSOCIATED PRESS TELEGRAM)
New York, Jan. 21.—Samuel Gompers, president of the American Federation of Labor announced today that organization would certainly take action concerning the shooting of strikers at Roosevelt, N. J. What steps would be taken he would not say.

Carman Patty, one of the wounded strikers died today in an Elizabeth hospital, making the second fatality as the result of the shooting.

FOR UNSIGHTLY COMPLEXIONS USE RESINOL

Pimples and blackheads disappear, unsightly complexions become clean, clear, and velvety, and hair health and beauty are promoted by the regular use of Resinol Soap and an occasional application of Resinol Ointment. These soothing, healing preparations do their work easily, quickly and at little cost, when even the most expensive cosmetics and complicated beauty treatments fail. Resinol is not an experiment. It is a doctor's prescription which proved so wonderfully successful for skin troubles that it has been used by other doctors all over the country for nineteen years. No other treatment for the skin now before the public can show such a record of professional approval. Every druggist sells Resinol Ointment (50c. and \$1.00), and Resinol Soap (25c.); but for trial size, free, write to Dept. K, Resinol, Baltimore, Md. Avoid worthless substitutes offered by unscrupulous dealers.

HEROES

IN FORTY-FOUR ATTEMPTS TO SAVE LIVES GET CARNEGIE MEDALS.

In Cases Where Life Was Sacrificed Provisions Are Made for Surviving Beneficiaries.

Pittsburg, Pa., Jan. 21.—Forty-four acts of heroism, largely those of young men and women in widely scattered places in the United States and Canada, were recognized at the eleventh annual meeting of the Carnegie hero fund commission here yesterday by the award of eleven silver medals and thirty-three bronze medals.

Thirteen of the heroes lost their lives and to the dependents of seven of these pensions aggregating \$3900 a year were granted; to the dependents of four of the others who lost their lives sums totalling \$3000, to be applied, subject to the direction of the commission, in various ways, were granted. In addition to these money grants, in eight cases sums aggregating \$14,000 were appropriated for educational purposes, payments to be made as needed and approved; and in twenty-three cases awards aggregating \$21,615 were made to be applied toward the purchase of homes, the liquidation of indebtedness, and to other worthy purposes. Payments in these cases will not be made until the beneficiaries' plans for the use of the awards have been approved by the commission.

Bronze medals were awarded to the following Ohioans: Ellsworth Sanders (deceased), 47; died in saving Rose M. Schmitt, 23, from a runaway in Cleveland, May 5, 1914. Medal and pension to widow, 9548 German avenue, Cleveland.

Michael J. Kelly, Cleveland, 34; saved Clara Schmitt, sister of Rose Schmitt, from same accident.

The following Ohioans were awarded silver medals:

Roscoe R. Rickner (deceased), 33; sustained fatal injuries in attempt to save George H. Gribbling, 66, from being run over by a train at Mansfield, April 13, 1914. Medal to father, in Mansfield.

Hazel D. Crummel (deceased), 21; died attempting to save Aida E. Faingold, 20, from drowning at Stoneham, Mass., Sept. 7, 1913. Medal to Crummel's father, 984 Bell street, Akron.

Alfred Hayes (deceased), 11; died attempting to save Herbert A. Wachter, 10, from drowning in Lake Erie at Cleveland, May 31, 1913. Medal to Hayes' mother, 2444 Superior avenue, Cleveland.

Stanley C. Murphy (deceased), 23; fatally injured in attempt to save Gertrude B. Hill and others from an explosion of a gas main at Kennedy Station, W. Va., Jan. 21, 1913. Medal and pension to widow at Chester Hill, O.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and in many cases it is permanent. It is not cured by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

POSTPONEMENT OF EGYPT'S INVASION URGED BY EXPERTS

(ASSOCIATED PRESS TELEGRAM)
London, Jan. 21.—A dispatch from Cairo, Egypt, to Reuters' Telegram company, says:

"A refugee who was recently employed in an important post by the Turkish government in Syria states that German officers recently made an urgent report to Berlin via Constantinople, recommending the postponement of the Egyptian expedition until its organization and equipment were improved and reinforced. The reply from Constantinople was that the advance must be pushed at all costs."

"German experts declare that the expedition under present conditions can only result in small raiding parties reaching Egypt as the main body must advance along a route well known to the enemy, making opposition easy."

TRANSFER OF STEAMSHIP DACIA FROM GERMAN TO AMERICAN REGISTRY

Is to Be Proven by Documentary Evidence Being Collected for the Prize Court.

(ASSOCIATED PRESS TELEGRAM)
Washington, Jan. 21.—Treasury officials continued today the compilation of documentary proof of the bona fide transfer of the steamship Dacia, now loading cotton in Texas for German ports from German to American registry. It was believed that this work would be completed during the day after which it was expected that a war risk insurance policy would be issued by the federal war risk bureau on the steamer's cargo of cotton.

Issuance of the policy, the rate on which is expected to be four per cent., practically was decided upon at a conference last night between Secretary McAdoo and Director Dalano of the war risk bureau.

The proposed voyage of the Dacia will be undertaken despite the warning of the British government that it would seize the vessel. The state department has notified the owners of the decision of the British government's decision and has left to them the responsibility of making the proposed voyage.

The decision of the British government official reiterates their belief that the vessel will have a good case before the prize court.

GERMAN OFFICER OF HIGH RANK IS TAKEN PRISONER.

(ASSOCIATED PRESS TELEGRAM)
Geneva, via Paris, Jan. 21.—The newspaper Star of Turin, Italy, announces that a British warship has arrested on board the liner Duc D'Aosta from Genoa from New York.

Count von Kellin, a German officer of high rank who had been sent to the United States on a secret mission. The newspaper adds that the count has been landed at Gibraltar.

George Randolph Chester

Famous Author, says:

"Why shouldn't a man be willing to recommend a tobacco which gives as cool, sweet and satisfying a smoke as Tuxedo."

For Randolph Chester

For Mentally Alert Men—Tuxedo

George Randolph Chester's "Get-Rich-Quick Wallingford" stories have delighted thousands through the mental alertness, good humor and keen mind shown by the wily promoter.

When George Randolph Chester writes of things typically American he knows what he is talking about; and when he endorses Tuxedo—the typically American tobacco—his endorsement carries great weight with the keen-minded, alert and brainy smokers of this country.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

is made especially to maintain the American spirit of good humor. Its constant use benefits a man in mind and body, by keeping him happy and physically fit.

Tuxedo is the finest Kentucky Burley—the world's premier smoking-tobacco leaf—made absolutely non-biting by the original "Tuxedo Process" that has never been successfully imitated. Tuxedo is delightfully mild, fragrant, rich, and gives a cool and satisfying smoke. Tuxedo is in a class by itself.

FORMER YALE DEAN DEAD

(ASSOCIATED PRESS TELEGRAM)
New Haven, Conn., Jan. 21.—Professor Andrew Wheeler Phillips, former dean of the Yale graduate school, died at his home here last night of heart disease. He was 70 years old and a graduate of Yale in 1872.

Professor Phillips was noted as a mathematician and was the author of a number of works on scientific subjects.

In this bad, twisted, topsy-turvy world.—Mrs. Browning.

THE SHERWOOD MUSIC SCHOOL

The Sherwood Music School of Chicago, was founded nearly twenty years ago by William H. Sherwood, "America's greatest pianist," and is said to have graduated more successful concert pianists and teachers than any other music school. The extensive department of this famous conservatory of music training is open to the opportunity for metropolitan conservatory training to music students who find it inconvenient to leave home to obtain it. This should be a very good thing for our town, as it makes it possible for our boys and girls who are taking music seriously and who want to get metropolitan conservatory training to earn their teacher's certificates and diplomas from a high-class institution of national reputation to do so without the expense and inconvenience of leaving home.

Pupils of the Sherwood Music School are taught the following:

- 1.—Elementary school for beginners.
- 2.—Technic and theory of practice, intermediate advanced and very advanced.
- 3.—Harmony and harmonic analysis.
- 4.—Interpretation.
- 5.—Form and melody writing.
- 6.—Memorizing.
- 7.—Sight-reading.
- 8.—Pedaling.
- 9.—Touch or tone production.
- 10.—Transposition.
- 11.—Ear-training.
- 12.—Improvisation.
- 13.—Embellishments.
- 14.—General musicianship.

New Corn Cure A Real Marvel

Guaranteed and Absolutely Painless.

A corn cure that is painless and that will really do the work has finally been discovered. Heretofore, the poor sufferer from corns has been pestered with "drawing" salves and plasters that swell the corns and has had finally to gouge out his corn and inflict upon himself still greater pain. With Hall's Painless Corn Cure all pain ceases on the first application and then finally the corn comes right off easily and painlessly. You don't have to dig it out and run the risk of drawing blood, making your corns still more sore or getting blood poison.

Hall's Painless Corn Cure is easier to use than any other; it takes a few seconds to apply it. It is guaranteed absolutely in every case. You must be satisfied or back goes your money.

Lasts longer than several packages of any other corn treatment and you are sure to get rid of corns and bunions. Sold at 25 cents a bottle at

Let All Help.

Newark's new Associated Charity organization deserves the support of everybody—not only the financial but the moral support of the people of this town. The idea is to make Newark's charity work more systematic, to help those who most need help and above all to help one help himself.

If the reader desiring to be of help to the new organization and having work of any sort to be done, will telephone to headquarters in the Carroll building, east side square, and report to Secretary Johnson a record will be made and one of the applicants for aid will be sent to perform the work and receive pay for the performance.

Those who desire to contribute money, food or clothing, may do so through the Associated Charities. The organization is just starting it needs sympathy and co-operation just now even more than it needs funds. Lend a helping hand and do your part towards making this new institution one of great usefulness in Newark.

Newark Manufacturers.

Director Wm. J. Harris of the census bureau, regrets the necessity of calling attention to the fact that a large number of Newark manufacturers have neglected to make the reports required for the census of 1914. This not only delays the publication of the census, but adds greatly to the cost of the work. The law directs that a census of manufacturers shall be taken every fifth year and the director has done everything possible to facilitate the work. The blanks on which to make the reports were mailed to all manufacturers with the request that the returns be forwarded to the census bureau by January 15, 1915. The co-operation of chambers of commerce, boards of trade, and other organizations interested in our industrial development has been solicited, but, notwithstanding their very general response and assistance, comparatively few reports have been received, and a large number of those

Working Conditions.
Ida M. Tarbell, after observations for twenty-five years, told the industrial relations commission yesterday that working conditions generally were constantly improving and large corporations were more acutely interested in the welfare of their employees than ever before. Ida is in a fair way to get herself disliked by Chairman Walsh and some others for that kind of testimony.—Pittsburg Gazette Times.

Business.
It is a rather significant fact that bank clearings last year, outside of New York City, fell off less than 4 per cent from the figures of 1913. In New York, where the stock exchange was closed for nearly five months, and the cotton exchange for the greater part of that time, the decline was 12.3 per cent, making the average for the whole country 8.6 per cent. Evidently the volume of trade apart from speculative operations, held up surprisingly well.—Philadelphia Record

Why We Half-Mast Flags.
From the time when flags were first used in war, it has been the custom for defeated soldiers to lower them in token of submission. In early times, the vanquished lowered their own flag a few feet and raised the emblem of their conquerors above it. Then the custom arose of lowering the flag as a mark of respect to a famous soldier who had died. The space left above the flag is for the flag of the great conqueror—death.—The American Boy.

England After the War.
If we and the nations who really desire peace, for so unquestionably we do will only make due preparation—and by that we mean the most complete preparation that is in their power—war, if not banished altogether, will become much more distant and much less frequent. Though we acquiesce in the decision that anything in the way of compulsory service must, if possible, be postponed till the war is over, or only resorted to after all voluntary efforts to raise men have failed, we hold it essential that after the war we should at once establish a system of universal military training. Every youth who is not physically unfit must receive a military education just as he receives a literary education, and, further, must be under an obligation to put his military knowledge at the service of the state for four years with the colors, and in a first and then a second reserve till he has reached the age of 50. Such training and such service, though only compulsory for home defense, would make us infinitely more capable of keeping the peace, and infinitely less likely to tempt other powers to attack us, than if we muddled on after the manner of the last 20 or 30 years.—London Spectator.

Chicago Packers.
If five Chicago packing houses took in \$76,000,000 more last year than the year before they have not much to complain of if ships with \$5,000,000 worth of their products have been held up by the belligerents. Of course they ought to be paid for their meats, and probably they can be; but the war has evidently given their business such a boom that they could stand some losses with equanimity.—Philadelphia Record.

United States Should Prepare For Peace by Reducing Armament

By Professor CHARLES T. TERRY of Columbia University

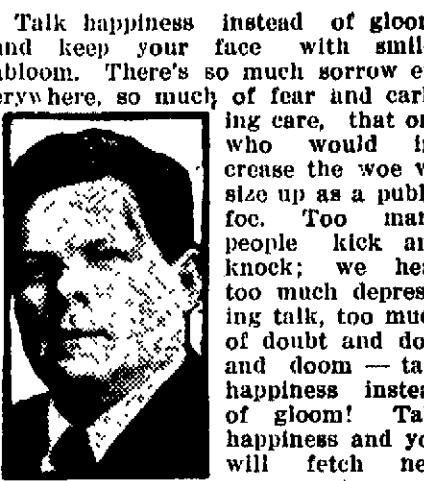

NEVER was such an opportunity offered to a nation as this day offered to the United States. If we can avail ourselves of it, if we can grasp and hold it, the good of the human race and the glory of this country will have been incalculably advanced. IF, ON THE OTHER HAND, WE ALLOW THE OPPORTUNITY TO PASS, IF IT SLIP OUT OF OUR NERVELESS AND POWERLESS HANDS, WE MAY NOT ONLY NEVER GET SUCH ANOTHER, BUT WE WILL ALMOST INEVITABLY HAVE LOST MUCH OF OUR INFLUENCE AND STANDING.

If we could but have the courage of our convictions at just this critical time; if we only dared to act as we believe; if, instead of increasing our armament at this moment, we dared reduce it, what an example to the world it would be!

IF WE ONLY HAD THE COURAGE TO DO IT! THAT IS ALL IT TAKES, IS COURAGE. IF THE ACTION WOULD INVOLVE A HAZARD, WHAT OF IT? WOULD THE END TO BE ACCOMPLISHED NOT BE WELL WORTH THE RISK? IF ONCE THAT ACTION WERE TAKEN THE HUMAN FAMILY NEVER COULD REVERT AGAIN TO THE SLOUGH OF MILITARY DESPOND IN WHICH IT NOW FINDS ITSELF.

TALK HAPPINESS.

Talk happiness instead of gloom, and keep your face with smiles abloom. There's so much sorrow everywhere, so much of fear and carking care, that one who would increase the woe we size up as a public foe. Too many people kick and knock; we hear too much depressing talk, too much of doubt and dole and doom—talk happiness instead of gloom! Talk happiness and you will fetch new courage to some hopeless wretch; you'll brace up tired despondent men, so they will get their grip again; the message in your hopeful words will travel faster than the birds, and help more people, far and near, than you could number in a year. Oh, get the habit, right away, while yet the year is young and gay! Make up your mind to can the whine, and keep your eyes from leaking brine. Behind your whiskers let there be a smile that speaks of faith and glee. Go down among the croaking boys, and shame them with your cheerful noise. For life is short, and we should strive to have our fun while yet alive; if we do that we must believe that it is foolishness to grieve; for doubts and fears we'll have no room; talk happiness instead of gloom.

HELP NATURE HOLD YOUR HAIR CHARM

Fluffiness, even color, brilliance and softness are the attributes of healthy hair. Nature requires only sensible cleanliness, especially freedom from dandruff, in exchange for hair beauty. You help Nature most when you assist her by the best method, to safely make and keep a perfectly clean, healthy scalp. In washing the hair it is not advisable to use a makeshift but always use a preparation made for shampooing only. You can enjoy the best that is known for about three cents a shampoo by getting a package of canthox from your druggist; dissolve a teaspoonful in a cup of hot water and your shampoo is ready. After its use the hair dries rapidly with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its lustre and softness will also delight you, while the stimulated scalp gains the health which insures hair growth.

LICKING COUNTY SUNDAY SCHOOL NOTES.

Having left a busy fall behind us, and from every indication, facing an even busier spring, the work of the Licking County Sunday School association is now progressing nicely.

Each of the nine departments is alive and working hard. Mr. A. R. Evans of Newark has charge of the teacher training, adult and Bible study departments; Miss Carroll of Alexandria has the home and visitation departments; Mrs. C. B. Cullison of Hanover, the elementary and secondary departments; and Mr. J. H. Miller of Newark has charge of the missionary and temperance departments.

If your Sunday school needs help in any of these departments, write to the department secretaries and they will be more than glad to help you solve your problems.

The annual apportionment from the Sunday schools is now due and should be paid as soon as possible in order that the county work will not be kept back. The apportionment this year is four cents per member, of the total enrollment. This amount, if all the schools will pay, will enable us to carry on the entire county work.

The following are the schools that have sent in their apportionment, to date:

Utica M. E., \$8.00; Utica, U. P., \$1.25; Utica Christian, \$2.25; Utica Church of Christ, \$3.00; Utica Congregational, \$2.00; Utica Presbyterian, \$6.40; New Bethel, \$1.40; High Water Christian, \$1.50; Toboso M. E., \$2.00.

If your school has not sent in its apportionment, will you kindly see that it be sent in just as soon as possible. It may be sent either to Loyd L. Anderson, Granville, or Mr. B. T. Burch of Hebron, county treasurer.

LOYD L. ANDERSON, General Secretary.

FINDING OF WORK FOR UNEMPLOYED IS THE PROBLEM

Associated Charities Believes That This Is the Most Important Mission of the Organization.

That the most important mission of the Associated Charities is to provide work for the unemployed was the sentiment expressed by the membership of the board of managers at a meeting held Wednesday afternoon in the Board of Trade rooms. At this meeting many problems were discussed and it was determined to make a concerted effort to place those in need of financial help in communication with Newark citizens who have odd jobs of work to be done.

Newark people can assist materially by communicating with the board of managers at the headquarters, room 14, Hibbert & Schaus building. Telephone No. 4311, has been installed in the office.

Anyone in Newark having work to be done, if it is no more than sweeping paths, carrying in coal or wood, house-cleaning, or other household, or other odd jobs, can secure the help they want by communicating with the Associated Charities, and at the same time give aid to needy people.

Among the applicants for relief, Thursday morning, were a half dozen or more who had sought help before. A number of members of The King's Daughters and several members of local labor unions are aiding in the work of investigation.

More than 100 applications for relief have been received by the Associated Charities since the work was started.

THORNVILLE

Jacob Mack and wife were Newark visitors Monday.

Harvey Shelley was in Newark Monday and is traveling through the eastern part of this state this week.

Mrs. Florence Mowen, Mrs. Sarah Shaw of Hebron, and Mrs. Lillie Gutridge of Zanesville were visiting relatives here the past week and returned to their homes Monday.

The Farmers' Institute here was largely attended and great interest was shown by farmers and townsmen.

Charles Edmund is reported some better at this writing.

Wm. Noel and Wm. Boring were in Newark last Friday.

Fred Paulson, a student in Capital University, was home Saturday and Sunday. Fred and his mother were in Newark to see Mr. E. E. Paulson at the City Hospital. Mrs. Paulson returned Tuesday to the hospital to visit her husband.

F. Cooperider, civil engineer at Junction City, visited his grand parents here Monday and Tuesday.

Mrs. Marion Rose has been quite poorly with heart trouble, but is some better just now.

Miss Xenia Dilts of Newark spent the past week with her parents.

Solomon Rouseup is spending a few weeks with his daughter in Columbus.

The Diltz orchestra furnished some good music at the Farmers' Institute here and also at the concert Saturday night.

Miss Gertrude Black spent last Sunday and Monday at the home of John Vickers.

Ladies' Circle met at the home of Mrs. J. R. Black last Thursday, with a good attendance. The circle seems very enthusiastic over the work for the coming year, and we hope every member will consider it their duty to be in their places and help with the work. The next meeting is with Mr. Howard Ford, the second Thursday of next month. Election of officers on that day.

Mrs. W. B. Evans and Mrs. S. T. Rees spent last Thursday with Mrs. R. L. Black.

Miss Gelta Burdum joined the Ladies' Circle last week. We were glad to welcome her.

Mrs. John Vickers, of near Jacksontown, died last Monday, after a lingering illness of organic heart trouble. Funeral Wednesday at 1 o'clock. Interment in Fairmount cemetery. Sympathy goes out to the family in this, their dark hour of grief.

George Thompson, of near this place, spent a couple of weeks with friends and relatives in and around Thornville.

Mrs. E. R. Blay has been quite a good deal better the past ten days.

Rev. Mr. Benjamin is holding a meeting over at Lakeside.

J. R. Black spent Monday afternoon at the John Vickers' home.

Miss Grace Hughes spent Saturday night with Vira Orr.

OHIO ELECTRIC WINS SUIT IN COMMON PLEAS

PLAINTIFF IN CASE SOUGHT TO RECOVER \$10,000 DAMAGES FOR INJURIES

Similar Case Set for Trial Next Monday—News in Licking County Courts.

In common pleas court on Thursday, the court and a jury were engaged in the trial of the case of George Garlinghouse vs. the Ohio Electric Railway company. Plaintiff sues to recover damages in the sum of \$10,000 for personal injuries alleged to have been sustained while alighting from a street car of the defendant company, on Jan. 13, 1914, in Columbus, Ohio. The court charged the jurors as to the law of the case, and they retired to consider their verdict at 1 o'clock. After half an hour's deliberation they returned with a verdict for the defendant.

Margaret Vaughan vs. Ohio Electric Railway Co., a suit for damages for personal injuries received in alighting from a street car in this city some months since. For trial Monday next.

For trial Thursday afternoon: George F. Sanford vs. Samuel Imhoff; Alonzo M. Martin vs. Benjamin F. White.

It is expected that the grand jurors will report to the court as to their findings on Friday afternoon.

Suit for Divorce.
Stella Coffman has brought a suit in common pleas court against Reuben Coffman, on the grounds of cruelty and failure to provide. The parties were married in January, 1912, and are the parents of two children. Mrs. Coffman states that her husband shows too much attention to other women. She asks for a divorce, custody of the minor children and alimony.

Adopt Child.
Mr. and Mrs. W. H. Brown of East Newark, have secured permission in the probate court to adopt Mary Ethel Alexander, who will be 4 years old next May. The little one's parents are dead.

Rural School Case.
The board of education of Etna township rural school district, composed of Frank Boyer, Bert Eswine, Summerfield Parker, Willis Hoover and Harry Parkinson, has brought a case in Probate Judge Robbins Hunter's court against Margaret R. Egoft, Harry H. Egoft, Mary Kilmer, Cerris and Charles Egoft, and Lulu Clifton, in which the board wishes to secure two acres of land for a school house site. The hearing will occur on the 25th inst.

NEW COMPOSITION FLOOR BEING LAID IN SHARRITT'S SHOP

A new composition floor, the first of its kind in this city, is being laid in the Sharritt barber shop in the Arcade annex by W. J. Vine, the well known contractor of Linden avenue. The floor is a composition known as Petrosilo and has been used with much success it is said for the past eighteen years throughout Europe. It is not an experiment and has been made in this country for a number of years. It is said to be sanitary, fire-proof, waterproof, durable and elastic as well as ornamental.

Mr. John F. Wenzel, representing a New York building company is in Newark instructing Mr. Vine in the work of laying Petrosilo, which he says can be laid on Friday and used freely on Saturday. He states that it is the easiest floor to keep clean in the world, and that at present it is being used on fifteen ocean liners of the North German Lloyd Steamship company.

THE SICK

The many friends of Mrs. Thomas Kincaid, who has been ill for the last three weeks, will be grieved to know there is but little change in her condition.

Mrs. Hattie Williams, who fell about four weeks ago in front of the Warden Hotel and broke a rib, is recovering nicely.

Rev. J. M. Lamp and wife of West Main street are both confined to the house with the grip.

Mrs. Charles Nutter of Harrison street, who has been confined to her home for the last three weeks, is able to be about again.

ADENOIDS REMOVED.

The little 6-year-old daughter of Mr. and Mrs. Charles Gardner of 121 South Second street, had her adenoids removed today by Drs. Davis and Harbottle, at their office, corner Hudson avenue and Locust street, after which the little girl was taken to her home in Criss Bros' ambulance.

AT FAIRMOUNT NEXT WEEK.

There will be meetings, all next week at the Fairmount Presbyterian church. Rev. Green, pastor will be assisted by Rev. Tullis and Hazlett. The Amsterdam L. M. Church has postponed its meeting for a week.

ED BOE REPORTED TO BE SEEKING A NEWARK LOCATION.

50 Doe, the well known clothier and furnisher, who has been operating two stores in Columbus since removing to that city about a year ago, was a visitor in the city Wednesday afternoon and it is said was endeavoring to secure a location to open a clothing store in this city. 1915

This year 1915 will be the greatest year in American business history. It may or may not be the most profitable year but it will be the greatest year because we must learn to stand on our own feet and walk without crutch, cane or the hand of a mother country. The support on which we leaned has been taken away by war and we have discovered that we can walk alone. Knowing the guide posts in the monthly Trade Report issued by this Bank may be a help in saving business missteps.

CASCARETS FOR BOWELS, STOMACH, HEADACHE, COLDS

Get a 10-cent box now.

Are you keeping your liver, stomach and bowels clean, pure and fresh with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system that constipated waste matter and poison in the bowels.

No odds how sick, headachy, bilious and constipated you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a gentle cleansing, too.

FARMERS' WEEK AT OHIO STATE; BEST SPEAKERS

Columbus, Jan. 21.—Getting ready to leave and attend Farmers' Week will describe conditions on many Ohio farms before long. Farmers' Week from Feb. 1-5, is expected to draw farmers and their wives from every community and county in the state. Last year 1030 attended. This year preparations for even more have been completed, and a program that is even better and fuller has been prepared to make the course of study this year appeal even more to those who attend.

To sum up what has been done to make this year's "Week of Ohio Farmers", it is announced that over a score of the best speakers from all parts of the United States and from the department of agriculture have been secured. Two new buildings, just opened for use, are to be used by the farmers. Other students are shunted to one side while the farmers get the most that they can get out of the week's work.

Then again farmers can choose what they wish to hear and learn. That is, they do not have to take work in which they are not interested because several lectures on different subjects are given at the same hour and they can make their own selections. Also, there is not a cent of expense attached to the instruction. No fees, tuition or charges of any kind. Five dollars will pay for your board or room, is the announcement made by the Extension Department.

Dean H. C. Price sums up the prospects for this year as follows: "Ohio farmers cannot afford to miss this Farmers' Week. No matter how much or how little you know about farming, no matter how fine or how poor an education you have, Farmers' Week will mean several hundreds of dollars to you in added returns in the next few years, and it will mean an inspiration for better farming that cannot be measured in dollars."

From early morning until late at night shows how the Extension Department desires to make every day as full and worth while as possible. Every speaker secured is a liner—one of the best that could be found. Frequently they are the very best. Sixty lectures and demonstrations in five days, many lasting for two hours, combining laboratory work with instruction, explains why farmers' week can mean so much to the farmers who wish to learn.

From 12 to 80 was the age limits last year. Side by side, farmers from all parts of Ohio listened attentively and took notes carefully for five days. Hands that were more accustomed to the handle of the plow tried farming with a pencil for the first time. Many who attended were farmers who were graduates of colleges. They wanted the latest information that they knew they could get at Farmers' Week.

Additional information and a complete program showing how important the Farmers' Week is to Ohio farmers will be mailed on request to Clark S. Wheeler, Supervisor of Extension Schools, Columbus, Ohio.

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Easier, Quicker and Without the Blister

There's no sense in mixing up a mess of mustard, flour and water when you can so easily relieve pain, soreness, stiffness with a little clean, white MUSTEROLE.

MUSTEROLE is made of pure oil of mustard and other helpful ingredients, combined in the form of a pleasant white ointment. It takes the place of the out-of-date mustard plaster, and will not blister!

MUSTEROLE gives prompt relief from Sore Throat, Bronchitis, Tonsillitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet, Colds of the Chest (it often prevents Pneumonia).

At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50. Be sure you get the genuine MUSTEROLE. Refuse imitations—get what you ask for. The Musterole Company, Cleveland, Ohio.

SPECIALIST WILL TREAT WOUND IN EX-KHEDIVE'S JAW

(Associated Press Telegram) Geneva, via Paris, Jan. 21.—Ex-Khedive Abbas Hilmi of Egypt, according to Vienna dispatches, is going to Bern to consult a specialist regarding a bullet wound in the jaw, received, it is stated, in a recent attempt on his life at Constantinople. The dispatches say that the wound has not healed and that this makes it impossible for him to head the army, with which it is planned to invade Egypt, at the present time.

Another Zeppelin, after three days of trial, left Friedrichshafen Wednesday afternoon in a northwesterly direction to reinforce the air fleet near Ghent.

It is reported here that there is great rejoicing at Friedrichshafen over the Zeppelin aerial raid. The plan was known in advance in certain quarters in Switzerland, it is declared, and warnings had been sent to the British authorities who are reported to have stated that they attached little importance to it.

The visit of the Prince of Wales to Belfort has led to reports here that British troops would shortly be sent to Belfort to participate in any possible advance on the Rhine. The French advanced trenches, to reports received here, are now only 16 miles from the Rhine.

Drive Catarrh Germs From Nose and Throat

Only Way to Really Cure Catarrh Say Noted Specialists.

The germs of catarrh breed, thrive and multiply by the million far up in the air passages of the nose, throat and lungs of every catarrh victim. Catarrh is a germ disease and you cannot get rid of the disease until you get rid of the germs. The best specialists seem agreed on this point.

You can't kill germs with ointments or lotions, etc. which you stuff up your nose. These may clear your head and let you breathe easier but they do not reach the germs. Stomach dosing may purify your blood, but it doesn't kill the germs nor does it cure Catarrh.

There is just one safe, sensible and invariably reliable way to reach and destroy catarrh germs and thus stop catarrh forever. Breathe into your nose, throat and lungs the medicated, germ-killing air of Hyomei which is made from the pure, healing oil of Eucalyptus combined with powerful germicidal ingredients which are certain to reach to every catarrh germ.

Each breath of the air of Hyomei breathed deeply is so penetrating it reaches into every nook, corner and crevice of your nose, throat and lungs where germs can possibly hide or breed. It's an easy treatment. You'll like to breathe Hyomei. Its odor and effect is pleasant to everyone but the mischief making germs themselves. They don't like it, simply can't stand it and are completely driven from your body taking Catarrh with them. Hyomei is a standard preparation recognized by physicians and druggists everywhere. It is so well thought of here that T. J. Evans and many other leading druggists in this vicinity sell it with an absolute guarantee of successful cure or money back. No catarrh sufferer therefore assumes any risk in giving it a trial.

Tear this notice out of the paper and show it to your druggist as you ask for Hyomei. Be sure to ask him for the complete Hyomei outfit which contains a Free inhaling device which is very necessary to use to get the best results.

COLD GONE! HEAD CLEAR AND NOSE OPEN-IT'S FINE

Take "Pape's Cold Compound" every two hours until you have taken three doses, then all gripe misery goes and your cold will be broken. It promptly opens your clogged-up nostrils and the air passages of the head; stops nasty discharge or nose running; relieves the headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffing. Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.

IMPORTS COMPARED WITH EXPORTS FOR LAST MONTH OF 1914

Washington, Jan. 21.—Figures made public by the department of commerce today show that December, 1914, imports totaled \$114,402,970, against \$126,467,062 in November, \$138,089,520 in October, \$139,710,611 in September, and \$129,707,890 in August, and were \$69,622,601 less than in December last year. December exports totaled \$246,266,047, against \$205,978,323 in November, \$194,711,170, in October, \$156,052,333 in September, and \$110,367,494 in August, exceeding by \$13,070,419 the total for December, 1913, and falling only \$4,049,760 short of the high record made in December, 1912.

The excess of exports over imports for the month was \$131,863,077, compared with \$79,411,271 in November, \$56,630,650 in October, \$16,341,722 in September, and an import balance of \$19,400,406 in August.

Of the December imports 60.5 per cent entered free of duty, against 64 per cent in December, 1913, and 58.4 per cent in December, 1912.

Comparing the trade movements in the calendar year 1914 with those of 1913, imports show a total of \$1,789,022,426, against \$1,792,596,480 last year; and exports, \$2,114,257,539, against \$2,484,018,232 last year.

Imports of gold in December last totaled \$4,109,068, against \$5,073,357 in December, 1913, and in the calendar year 1914, \$57,387,741, against \$63,704,832 in the preceding year.

Gold exports in December aggregated \$120,924, against \$10,572,593 in December, 1913; and in the calendar year 1914, \$222,616,156, against \$91,798,610 in the preceding year.

In France a bronze statue weighing three and a half tons, that was too large to be handled by railroad or canal, was hauled on a motor truck to its destination 246 miles away.

RELIEF MEASURES TO BE SUBMITTED TO KING OF ITALY

(Associated Press Telegram) Paris, Jan. 21.—The Italian cabinet is about to submit several decrees, having for their purpose the alleviation of conditions in the earthquake district, for the signature of the king, says the Rome correspondent of the Havas agency. The decrees are as follows:

"First, authorizing the expenditure of 30,000,000 lire (\$6,000,000) to aid the victims of the earthquakes; second, suspending the collection of taxes in the affected area, third, establishing a moratorium for five months for bills of exchange and commercial paper in the province of Aquila and the district of Sora, fourth, guaranteeing the payment of salaries of school teachers."

FALLSBURY GRANGE INSTALLS OFFICERS

Martinsburg, Jan. 21.—Fallsburg Grange, one of the live Granges of the county, met in regular session last week and twelve candidates were initiated in the mysteries of the order. Also the following officers were installed for 1915: Master, D. E. Evans; Overseer, Harry Straton, Lecturer, Elmer Farmer, Steward, M. W. Evans, Assistant Steward, Frank Colville, Chaplain, Zona Evans, Treasurer, S. E. Mosholder; Secretary, Mary A. Frey; Ceres, May Frost; Pomona, Nellie Robinson, Flora, Alice Mosholder; Lady Assistant, Mains Mosholder; Gatekeeper, Jay Sholts. John Rizer was elected business agent and Henry C. Keller, legislative committee member. After the election oysters, cake, pickles, etc., were served to about seventy-five visiting members from Furry and Perryton were entertained.

Fallsburg Grange has grown from 33 to about 100 members in a year. Great interest is taken in literary and educational work and prospects are bright for the future.

REPORT BOMBARDMENT WAS NOT EFFECTIVE

(Associated Press Telegram) Paris, Jan. 21.—The Austrians at Cattaro, near the Montenegrin frontier, have furiously bombarded Mount Lovchen, a strong Montenegrin position just across the frontier, without effect, according to a Havas agency dispatch from Cetinje, Montenegro.

BALLPLAYERS' CONTRACTS ARE SCRAPS OF PAPER

AND WORTH NOTHING, IS CONTENTION OF FEDERAL LEAGUE'S CHIEF LAWYER

Who Resumed Argument in Suit Brought Against National and American Leagues.

(Associated Press Telegram)

Chicago, Jan. 21.—The players' contract was called a mere scrap of paper by Keene H. Addington, the Federal League chief counsel, resuming his argument before Judge Landis today in the anti-trust suit against organized baseball.

Addington declared there was no real modification of relations between clubs and players despite changes in the option section of contracts and the elimination from some of the ten-day clause which have been made within the last year or two.

The contracts were changed but the national agreement and the practices under which organized ball conducts its business were not, he said. "The player thinks he gets something in this contract and its changes, he gets nothing. The contract is designed for use in court; the national agreement and the rules of the national commission still govern the game."

Addington, quoting portions of the opinion in which Federal Judge Bissell of Grand Rapids, dissolving the Chicago American injunction against Hal Chase, brought out the fact that a player, under the national agreement, has no real choice regarding salaries and homes, and cited authorities to emphasize the right to labor.

There was a falling off in attendance today. Representatives of organized baseball were still hopeful that both sides would have presented their case by the end of the week.

Granville

(Special The Advocate)

Granville, Jan. 21.—The meeting of the Granville Women's Music club which met at the home of the president, Mrs. Hard Darrow, Wednesday afternoon, Jan. 20, scored a great success. Mrs. Darrow in a charmingly well-timed speech, outlined what she hoped to be the policy of the club, based not alone upon "parliamentary rules," but also upon the one of Golden Rule of kindness, harmony and loyalty among the members. She then called for the report of the committee on constitution and by-laws, which was read by the chairman, Mrs. M. E. Stickney, and unanimously adopted. The committee, composed of Mrs. Stickney, Mrs. C. W. Chamberlain, Mrs. Howard Darrow and Mrs. Burton Case was discharged with vote of thanks.

Mrs. White reported for the program committee was received with hearty approval and her little introductory talk was greatly appreciated. A brief music program was presented as follows: "Lullaby," an arrangement by Spioss of Dvorak's "Humoresque" a trio for women's voices, was sung by Mrs. Rohrer, Mrs. Coons, first soprano, Mrs. Ullman, Mrs. Case, second soprano, Mrs. Stickney and Mrs. D. D. Thomsen alto.

"Serenade," by Jeffery was played by Mrs. G. M. Strig; "The Red, Red Rose," by Haggis, and "The Silver Ring" by Chapman were sung by Miss Laferre, alto, and "Current Events" given by Mrs. Kari Eshman. During the solo hour, Mrs. Ullman presided at the organ, and refreshments were served by the hostess, Mrs. White and Mrs. Chamberlain. Mrs. Fred Holm of New York City, who is visiting her parents, Dr. and Mrs. Thompson was the guest of the afternoon.

Mrs. C. D. Cusner entertained the fortnightly club at her home in Pearl street, Tuesday evening, and a large attendance is reported as well as an unusually fine program, with much tree discussion. The program was given by Mrs. C. D. Cusner, who has been a member of the club since its organization. The program was given by Mrs. C. D. COSTLEY HELD FOR THEFT OF MAN'S WATCH

Alleging that he snatched a gold watch from the pocket of Joseph Edwards on the night of January 15, police, Wednesday night, arrested George Costley, colored, and lodged him in the city prison where he is held on a charge of pocket-picking. Edwards was returning to his home in East Newark early in the evening when he declares Costley grabbed the watch. Though Edwards grappled with the man in a recent illness made him no match in a physical encounter with Costley, and the latter escaped.

The matter was reported to the police and after an investigation it was found that Costley had disposed of a watch in a Mt. Vernon cigar store. Police Chief Parker of Mt. Vernon, investigated the case there for the Newark police and learned that Costley had sold the watch to Walter Robjohn, a contractor, living at Brink Haven, 15 miles east of Mt. Vernon. The deal was made in Hyman's cigar store.

An effort is being made to recover the watch and Mr. Edwards will see Mr. Vernon Saturday to see Robjohn. Edwards is a railroad man, though he has been on sick leave for several weeks.

Officers Gorman, Beuhler and Shaw arrested Costley Wednesday evening.

Discolored or Spotty Skin Easily Peeled Off.

The discolored or roughening to which many skins are subject at this season, may readily be gotten rid of, by the face being wetted and removed in the morning with soap and water. Completely peeled off the disfigured, cracked, or other cutaneous defects. The skin particles come off each day, so the process itself is even temporary. The skin is a complexion, and one soon acquires a brand new, spotless, gleamingly beautiful face.

Scrinkles caused by weather, worry or illness are best treated by a simple solution of powdered salicylic acid, 2% in 2 pint witch hazel. Bathing the face in this produces a truly marvelous transformation.

Appeal for Belgians.
 Editor Advocate.—There is a great shortage of knitting wool in England and a total lack of it in Switzerland. As there are enormous numbers of destitute Belgians who would be thankful to knit for themselves, and as the means of almost every one permit of their buying a few skeins of knitting wool, may we make an earnest appeal to our readers of which will be most gratefully received and forwarded. May we suggest "natural" khaki and grey as being desirable colors. Either by post or express the wool should be addressed to Mrs. Fiske Warren, Harvard, Mass. Gretchen Warren.

NEW HOMES TO BE ERECTED BY 3 NEWARK MEN

J. Howard Jones, Charles Hollander and Malcolm Baker have purchased building lots from W. F. Webb and in the spring will build new homes. The purchase includes the whole of a short street, running parallel to Third street, between Thirteenth and Thirteenth streets. It is just south of Granville street, and has been known as Merchant street, but this name will be abandoned. The whole of the lot is being prepared for the plans for the home of Mr. Jones, while Hollander and Baker will be the architects for the home of Mr. Baker. Mr. Hollander will arrange the plans for his own home.
